

# Blood on the Saddle

D Whistle Arrangement

Whistle

There was blood on the sa-d-dle, there was blood

7  
all a - round and a great big pud - dle of blood

15  
on the ground.

The cowboy lay in it, all covered with gore  
He'll never ride tall in the saddle no more

Oh pity the cowboy, all bloody and dead  
A bronco fell on him and mashed in his head
